INTACT Symposium

**The Dynamics of Eating Disorders:
Towards a better understanding of
the processes of falling ill, getting
well and staying well**

**November 12-14, 2009
University of Minho, Braga, Portugal**

Announcement and
Call for Abstracts

The 1st INTACT Symposium

Based on the facts that not all women at risk for the development of an eating disorder actually become ill and not all of those who develop the disorder benefit from the same type, duration, and intensity of care, the main objective of INTACT is the development and evaluation of individually tailored treatment and stepped care interventions.

The 1st INTACT Symposium will be held at the University of Minho, Braga (Nov 12- 14, 2009). Plenary talks will be given by internationally renowned experts in the field of eating disorders.

THURSDAY, Nov 12, 2009

Plenary Session 1

Biological, psychological, and social risk factors for eating disorders

Patrick Sullivan, M.D.
University of North Carolina at Chapel Hill, USA

Anna Keski-Rahkonen, M.D., Ph.D.
University of Helsinki,
Finland

Corinna Jacobi, Prof. Dr.
University of Dresden,
Germany

FRIDAY, Nov 13, 2009

Plenary Session 2

Process-outcome and sequential interventions for eating disorders

Eric Stice, Ph.D.
University of Texas,
Austin, USA

Ross Crosby Ph.D.
University of North Dakota,
Fargo, USA

N.N.

SATURDAY, Nov 14, 2009

Plenary Session 3

Technology-enhanced care: E-mental health

Cindy Bulik, Ph.D.
University of North Carolina at Chapel Hill, USA

Fernando Fernández-Aranda, Ph.D.
University Hospital of Bellvitge,
Barcelona, Spain

Stephanie Bauer, Ph.D.
Center for Psychotherapy Research
Heidelberg, Germany

CALL FOR ABSTRACTS

Submissions for paper and poster presentations on the development, prevention, and treatment of eating disorders are welcome.

Since INTACT represents a Research Training Network, we encourage especially young researchers (PhD students and post-doctoral fellows) to submit their work for presentation.

Abstract Submission:

Authors should submit abstracts online at www.intactsymposium.psyres.de by September 15, 2009.

Program Committee:

Hans Kordy, Heidelberg
Stephanie Bauer, Heidelberg
Paulo Machado, Braga
Daniel Fassnacht, Braga
